IN A SITTER'S HOME

We have several sitters who have been boarding dogs at their house for years. In the sitters' home, the dog can be free if they are normally free in the house, in a separate room, or a hybrid of crate and free roaming. The aim is to mirror the dog's environment at home, reducing any potential stress and anxiety. Please bring food, bowls, and any items from home your dog may need! Sitters take in no more than 4-5 dogs in the house at one time.
